**Camano Island, WA 98282**

March 4, 2005

Dear Applicant:

We want to encourage you in your pursuit of an education. A post-secondary education is of great benefit to your career and ministry opportunities. The Chapel Chapel Scholarship Program enables us to offer financial encouragement to qualified applicants.

The attached application is probably the first of many you will complete in the coming years. Just like in the job market, the effort you put into completing this application affects the eventual outcome. Some important things to remember are:

- ❑ ***We only consider complete applications with all required attachments.*** A final checklist is on the last page of the application. Please read this first to be certain you are aware of the requirements. Then, before submitting your application, review the checklist again.
- ❑ ***We only consider applications that are submitted by the deadline.*** Please be respect the due date and time: This is part of the process of following the instructions. Do not put off gathering your attachments and completing the application.
- ❑ ***Neatness, spelling and grammar matter!*** Make a copy, if necessary, and develop a rough draft before completing your final application.

We look forward to reviewing your application and meeting with you to discuss how God is leading you.

Sincerely,

George Colby, Chairman  
Camano Chapel Scholarship Committee
