“I am looking forward to seeing the impact of this building. I’ve come to believe that God has something very good in store for Camano Chapel, and this building is a part of it. I’m not sure what this future looks like in detail, but I know God is in it.” – Pastor Kris

THANK YOU LORD FOR YOUR PROVISION

Retrospect gives us a wonderful opportunity to look back and recognize what God has done in our lives. There are many signs of God’s divine providence and sovereignty throughout this project. These are events, provisions, and matters of timing that only He could have made possible. Join us in giving thanks!

In our **THANKFULNESS**, we want to, as Psalm 26:7 says,

“Proclaim aloud Your praise and tell of all Your wonderful deeds.”

God made possible:

- The purchase of the east 10 acres behind our existing parking lot nearly 30 years ago ... ***Because God knew we would need to meet County Open Space requirements for new construction.***
- A bequest given nearly 25 years ago ... ***Because God knew we would need to purchase the south 3.5 acres as part of the building site for Saratoga Hall.***
- A one-time County Variance allowing us to add Saratoga Hall ... ***Because God knew how to accomplish what seemed impossible at the time.***
- A combination of events enabling funds raised to-date to be sufficient to begin construction in 2008. ... ***Because God gave Mike Leggee (Project Manager), Evan Holzknacht (Cascade Lumber, CEO), Doug Hannam (Architect), and Frank Jarnot (Structural Engineer) a vision to re-engineer the structure from steel frame to wood construction*** – wood prices were at an all-time low due to the oncoming recession. Record timing allowed us to apply for and receive permitting, and also to begin construction before the “11th hour”, a November, 2008 Site Plan deadline.
- A debt-free construction project ... ***Because God desired Camano Chapel to endure a deep and long recession while making steady building progress.***
- A significant gift in 2013 ... ***Because God knew we faced a huge financial hurdle to widen and pave West Camano Drive.***
- In-kind gifts of materials and labor, which in many cases offset the effects of inflation ... ***Because God accepts all our gifts and talents which bring glory to His name and powerful works.***
- The faithfulness of all who have been giving monthly, quarterly and annually “Until the Last Nail is in.” ... ***Because God knew that steady giving allows for progress throughout all phases of construction and would see this through to completion of our remaining milestones.***

“I’ve often thought back on how God used these events, and confirmed to me that this building was God’s and not ours. He started the project and He would complete it.” – Pastor Kris
