

## The Meaden Family Serving at Camp Bighorn

---

The entire 2019 summer staff team that we were able to lead!

## Summer Ministry at Camp Bighorn

Camp Bighorn had a full summer; in fact, the largest one to date! It was exciting to see the camp in full swing for an entire summer (since we arrived for just the final 2 weeks last summer). We bring in about 40 additional summer staff, and it is a privilege for our permanent staff to walk alongside and disciple these 14-20-year-olds as they help us run camp. Our campers were able to experience God through all of our adventures, nature, and friendships. One of the most common feedback we received from campers was, "We love coming

to Bighorn because of the relationships with your staff." Here are some of the camps we hosted this summer: Day Camp for local kids, Achieve for differently abled, family camps, jr. high and high school camps, and multiple Converge church youth camps!

## FALL IN MONTANA

With a one-week transition between summer and fall, we jumped straight into a busy retreat season. Almost every weekend at camp hosts a different group, from quilters to at-risk teens. Bighorn has a cozy lodge and great food which our retreat guests love.

We also launched an intern program this fall! Eight different 20-somethings are living and interning at camp. Not only are they a huge help (our retreats wouldn't have been possible without them) but they are also discovering if camp ministry is where God is leading them.

---

*Jude started first grade this year by losing both his top front teeth! He loves school and is very studious.*

Kael started pre-K with five other little kids. His teacher grew up in the youth group

Brian's parents pastored many years ago!

Beth is working on a few new programs for camp and has continued subbing for the school. Brian is looking forward to ski season and working hard at building our staff team.

Thank you so much for your support of us! We are grateful to partner with you. If you think of us, here are some thoughts for prayer:

- For us to continue to find strong community
- For the boys as they venture out and make friends
- For health for all of us, as winter can be a challenging season

---

Our family work as the Executive Directors at Camp Bighorn. It is a non-profit organization that uses challenge and adventure to share the life and light of Christ and disciple next generation leaders. We are personally funded by financial

donors who partner alongside us in discipleship. **We would be honored if you would pray about making a special donation or by becoming a sustaining financial partner. 100% of your donation goes to our family.** You can make a donation here:
